RayZ Robotics

Presents

School Robotics Workshop

Learn, Create and Innovate the World with Us

Session -1 (Introduction to Robotics)
- Basic of Electronics
- Elementary Electronics Components
- Circuit Design
- Concept of Programming
- Introduction to Arduino

Session – 2(Hands on Projects)
- Blinking of LED
- Seven Segment Light
- RGB Light
- Bluetooth Control Device
- Motor Control

Session – 3 (Major Project)
- Home Automation
- Bluetooth Controlled Robo-Car

Session – 4 (Competition)
- Robo Race
- Robot Football Match
